SIGNAGE GOBO

A DEFINITIVE AND LONG-LASTING SOLUTION

Traditional floor signage can be prone to damage over time, especially in humid or high-traffic environments, requiring frequent replacement. However, this issue can be solved by using PROIETTA projectors, designed to be resistant to water and harsh environmental conditions. These projectors are ideal for installation in industrial environments, warehouses, shopping centers, and other locations where floor signage is subject to damage.

Thanks to the long lifespan of LED technology lights, PROIETTA projectors require minimal maintenance; once installed, they can operate for a long time without the need for frequent lamp replacements or constant checks.

To ensure that PROIETTA projectors are installed correctly and meet the customer's specific needs, the Proietta team also provides an on-site inspection service. This service includes an assessment of surfaces and potential installation points to ensure a secure placement and maximum effectiveness of the projectors.

ORDER INSTRUCTIONS

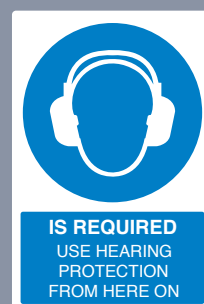

1 The signs featuring the phrase “YOUR PHRASE HERE” are fully customizable, allowing you to insert a phrase of your choice based on your needs.

EXAMPLE OF CUSTOM WRITING

2 Once you have chosen the code that contains the phrase “YOUR PHRASE HERE”, you will need to communicate the phrase you want to insert in its place. Example order with phrase: S-1413 - USE HEARING PROTECTION FROM HERE ON.

CUSTOM ORDER EXAMPLE

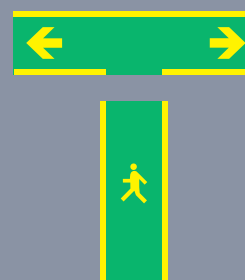

S-1413

S-1413

3 Upon request, we can create completely customized and tailor-made graphics. Our graphics department will follow you step by step in designing and creating the graphics that best suit your needs.

EXAMPLE OF FULLY CUSTOMIZED SIGNAGE

PERSONALIZED

Every customer needs a customization created to measure, with particular needs or aimed at solving a problem. Where standard signs do not reach, customized signs come into play. Our graphics department will follow you step by step in the design and creation of the graphics best suited to your signage needs.

Examples of fully customized and specifically designed graphics.
